

About Equation

Equation is a specialist charity with expertise to work with the whole community to reduce the impact of domestic abuse, sexual violence and gender inequality.

We work to prevent domestic abuse and sexual violence by raising awareness, and educating people about equal and healthy relationships.

We ensure survivors get the most effective support to move their lives forward: we facilitate a co-ordinated approach across the sector and provide practical tools and guidance to support survivors.

'Our goal is for everyone to have equal, healthy relationships, in a society free from domestic abuse, sexual violence and gender inequality'.
