

WE KNOW YOUR EXPERIENCES  
TOO OFTEN GO UNHEARD

HELP US  
CHANGE THAT

**SHARE YOUR EXPERIENCE OF ACCESSING SUPPORT  
AND THE SUPPORT YOU RECEIVED TO HELP US  
IMPROVE THE LIVES OF OTHER MEN EXPERIENCING  
DOMESTIC ABUSE**

We will be holding a 2 hour focus group with our service users, to help us improve the support available to men experiencing abuse, in Nottinghamshire.

### **ARE YOU ELIGIBLE?**

We want to hear from men who have used our domestic abuse service, who are over 18 and live in Nottinghamshire. We are particularly interested in speaking with men who have accessed support around housing as a result of domestic abuse.

This consultation is open to all self-identifying men of any sexuality.

### **WHAT TO EXPECT**

We will ask you some questions about your experiences of accessing support, and your awareness of local services. We want to learn about any barriers and challenges you faced and consider how we can remove these in the future.

We know that going over experiences from a difficult time isn't easy, so experienced professionals will be on hand to talk to throughout this process. We will ask you about preferred times, dates and locations so that we can arrange a time that works for those wanting to take part.

### **HOW TO GET INVOLVED**

If you'd like to take part, please get in touch.
